

NAAYA AAYAM MULTI-DISCIPLINARY INSTITUTE (NAMI)

Overview

Naaya Aayam Multi-Disciplinary Institute (NAMI) is an educational institution with the aim of contributing meaningfully to Nepal's social and economic development through the delivery of high-quality education. Established in 2012, NAMI is dedicated to provide world class education in Nepal. The institution places strong emphasis on holistic development, integrating rigorous academic training with extracurricular activities, leadership development and community engagement. By fostering an inclusive and supportive learning environment, NAMI prepares students not only for academic success but also for meaningful contributions to society and the global workforce. It's dedicated faculty, modern facilities and collaborative partnerships further enhance the educational experience, making NAMI a preferred choice for students seeking quality education in Nepal.

To date, the institution has over 5,000 graduates from the National Education Board (NEB) 10+2 programme, more than 500 graduates from the Cambridge A-Level programme and more than 2,500 graduates from its undergraduate and postgraduate programmes. NAMI has been providing full and partial scholarships to students from primary to postgraduate levels in accordance with the rules and regulations of the Government of Nepal.

Motto

Transform yourself, to lead the world.

Mission

To empower individuals with fundamental academic knowledge, life skills and values that foster a genuine love for learning, and prepare them to impact their own lives and the lives of others positively.

Vision

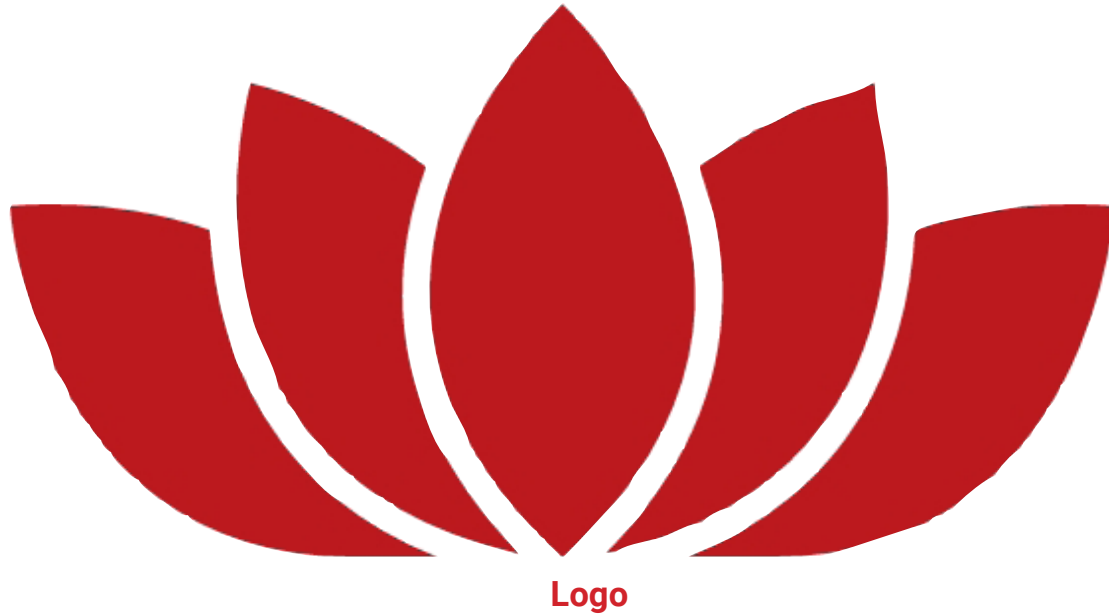

To offer access to world-class education within Nepal, fostering human capital development among the youth and empowering them to become responsible individuals contributing to society, both locally and globally.

Mascot

NAMI's mascot is a graceful swan, representing the spirit and values of NAMI. With its snow-white feathers and elegant posture, the swan symbolizes purity, resilience, transformation, and excellence. It's warm and friendly expression reflects NAMI's welcoming community. Surrounded by a vibrant lotus flower inspired by the NAMI logo, the mascot embodies growth, knowledge, and nurturing. The lotus petals gently cradle the swan, symbolizing the supportive and interconnected nature of the NAMI family.

With its wings slightly spread, the swan signifies NAMI students' readiness to soar toward new opportunities. The wings represent enlightenment, knowledge, purity of heart and mind, self-awareness, and wisdom—core values that guide the NAMI community. The mascot was designed by a NAMI student, showcasing the creativity and spirit of the NAMI community.

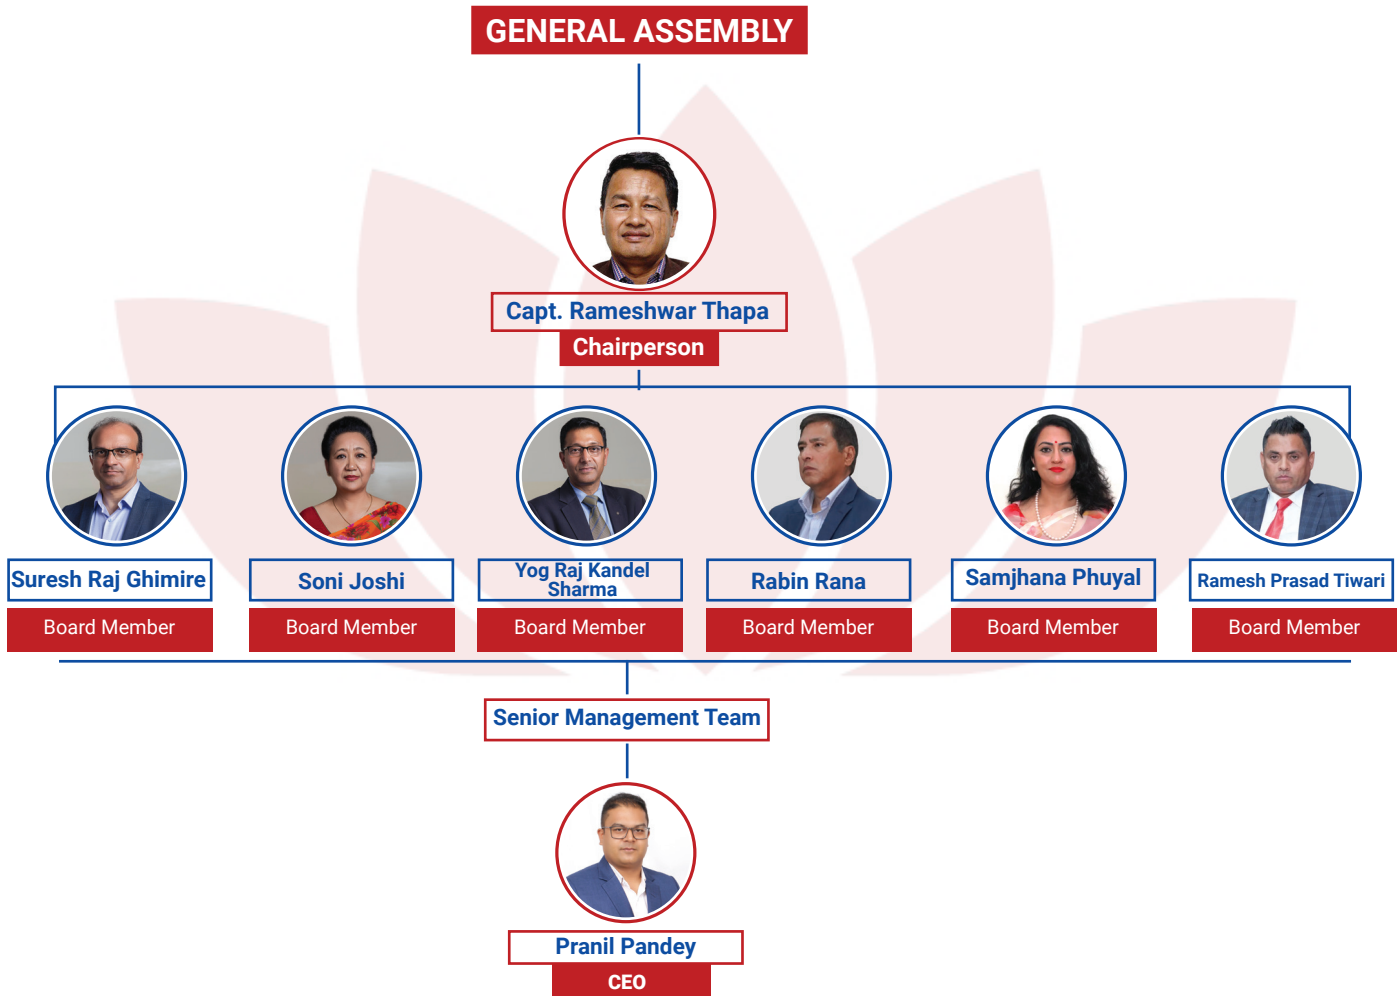

The Lotus Flower, a representation of rebirth, blossoms in the dark and becomes a lovely plant in the NAMI logo. NAMI's core values are represented by each of the lotus's five petals:

1. **Enlightenment** which ensures a complete and holistic development.
2. **Knowledge** which provides the skills and awareness acquired through experience with situations and facts.\
3. **Purity** of Heart and Mind which removes impurities from thoughts and thinking, promoting ethics and values for creating a compassionate society.
4. **Self-awareness** that enhances the ability to recognize and understand one's own ideas, feelings, and behaviors.\
5. **Wisdom** which is the ability to reason logically and to behave wisely.

The heart, or "Hridaya," is symbolized by the red lotus in Sanskrit as love, passion, kindness, and compassion. A fully blossomed red lotus represents the compassion and warmth of the human spirit. As our graduates enter the real world, we aim for NAMIANS to embody the spirit reflected in our logo.

ORGANOGRAM

NAMI Entities

NAMI offers a comprehensive range of programs from Primary to Master's level.

NAMI International School

NAMI International School introduced its primary school division in 2024, initially offering classes from Grade 1 to Grade 5 as part of the institution's strategic academic expansion. The institution has expanded the primary section to include Grade 7 in the current academic year and plans to progressively add one grade each year until reaching Grade 10. NAMI International School has been offering National Examination Board-affiliated +2 programmes in Science and Management since 2019, aimed at building strong academic foundations, practical competencies, and holistic student development. The institution provides a student-centred learning environment supported by modern classrooms, well-equipped science laboratories, ICT facilities, a well-stocked library, and experienced faculty members.

In addition, the school enhances learning through extracurricular activities, internships, volunteer engagement, and structured career counselling services. This integrated approach prepares students for higher education and diverse professional pathways both in Nepal and internationally. Currently, the institution enrolls 176 students in the primary section, alongside 350 students in Grade 11 and 454 students in Grade 12.

**nami**
INTERNATIONAL
SCHOOL

NAMI College

NAMI College was established in 2013 which emphasises academic excellence, critical thinking and independent learning. NAMI College offers the globally recognised Cambridge A-Level programme. The International 'A' Level, regarded as the 'gold standard' by Cambridge Assessment International Education, is globally recognized and holds the same value as its UK equivalent for university admissions. Students who have taken the SEE/GCSE/CBSE or equivalent courses at the time of admission can apply for this course. Since 2024, it has been recognized as an independent Cambridge Assessment International Education (CAIE) examination centre. The College offers a wide range of subjects and various subject combinations to fulfil the requirements and to prepare students for university studies such as Science, Medicine, Engineering, Business, Humanities and Liberal Arts. At present, around 71 students are enrolled.

**nami**
COLLEGE

Naaya Aayam Multi-Disciplinary Institute (NAMI)

NAMI is in academic collaboration with The University of Northampton (UON), UK since 2012 for undergraduate and postgraduate programmes. At the undergraduate level, NAMI offers a British Degree for diverse programs including Computer Science, Software Engineering, Networking Engineering, Environmental Science, and Business Administration. NAMI's postgraduate programs include, MSc Computer Science and BSc (Hons). NAMI will be introducing the Bachelor's Program in Environmental Studies, which will begin from August 2026 and is affiliated with Kathmandu University.

This interdisciplinary undergraduate program combines environmental science, sustainability, policy development and practical field-based learning to prepare students for careers both in Nepal and internationally.

These qualifications are internationally accredited and designed to provide students with both a strong academic foundation and the practical skills required for success in the global job market. Currently, the campus accommodates 239 undergraduate students across a variety of disciplines.

Board of Directors

Capt. Rameshwar Thapa
Chairperson
NAMI Group of Companies

Capt. Rameshwar Thapa is the Founder Chairman of Annapurna Ventures, a diversified entrepreneurship platform comprising more than 30 ventures across multiple sectors of Nepal's economy. A first-generation entrepreneur and strategic investor, he has established and nurtured institutions in aviation, media, hydropower, healthcare, education, manufacturing, trading and distribution, real estate, construction, hospitality, ropeway infrastructure, and strategic investment.

His leadership approach is founded on disciplined capital allocation, long-term value creation, strong governance, and responsible enterprise development. Under his guidance, Annapurna Ventures has evolved into a multi-sector business ecosystem employing more than 1,200 professionals and creating sustainable platforms for economic growth and institutional resilience.

Capt. Thapa's professional journey is deeply rooted in aviation. With over two decades of operational flying experience and more than 10,000 flight hours across various helicopter platforms, he combines aviation expertise, operational discipline, and strategic vision. He holds the distinction of being Nepal's first MI-17 Commander for commercial operations and one of the pioneering Instructor Pilots on the MI-17 platform, contributing significantly to the advancement of helicopter aviation standards, safety practices, and operational excellence in Nepal.

He currently serves as Chairman of Simrik Air Pvt. Ltd., one of Nepal's leading helicopter operators, and Executive Chairman and Principal Owner of Annapurna Media Network, publisher of Annapurna Post and operator of Radio Annapurna. Through these institutions, he continues to contribute to national connectivity, entrepreneurship, education, and public discourse.

- Man of the Year (2004)

Legacy, Vision and Leadership Philosophy

Capt. Thapa's career represents a distinctive combination of aviation excellence, entrepreneurial vision, and institution-building leadership. His contributions across diverse sectors reflect his commitment to creating sustainable enterprises that generate economic value while supporting Nepal's broader development goals.

Through Annapurna Ventures and its affiliated institutions, he continues to promote innovation, responsible governance, and sustainable growth. His enduring vision is to build resilient institutions that expand opportunities, strengthen Nepal's economy, and contribute meaningfully to the nation's long-term progress.

Mr. Suresh Raj Ghimire is an accomplished engineering management professional and international business expert with over two decades of experience in manufacturing operations management, trading, and consultancy services. He currently serves as Director at Naaya Aayam Multi- Disciplinary Institute (NAMI), contributing to the institute's vision of delivering high quality education that blends technical knowledge with managerial expertise.

Mr. Ghimire holds a Master's in Engineering Management (MSc) from Brunel University, London, UK, specializing in Technical Management of Manufacturing Industries, and a Bachelor's in Electrical and Electronics Engineering from Karnataka University, India. His academic background and professional experience position him as a strategic leader in engineering operations, project management, and technical consultancy.

Professionally, he has led international trading and consulting ventures while offering specialized expertise in lean manufacturing, production optimization, and technical management. His career includes key leadership roles both in Nepal and abroad, such as founding and operating KRYSS International Pvt. Ltd., a prominent trading house dealing in IT-based equipment for security forces and high-tech consumer goods.

In London, he worked with Three Star Consulting Inc., offering global consulting in lean manufacturing systems, and served as Assistant Manager for International Sales and Services at TSK Company Ltd (Toyota International Wing). He also consulted for Nepal Hydro and Electric Co. Ltd., improving manufacturing and production systems. As part-time faculty at the London College of Engineering and Management, he contributed to curriculum design and taught technical management. In Nepal, he led Re-Join Quality Foods Pvt. Ltd., the country's only meat processing and export facility, and Nara Himalayan Natural Spring Water Co. Pvt. Ltd., the first export-quality spring water project.

Mr. Suresh Raj Ghimire, Director at Naaya Aayam Multi-Disciplinary Institute (NAMI), is an engineering management specialist and international business professional with extensive experience in manufacturing systems, operations management, and global trading. A graduate of Brunel University, UK, he has led consultancy, trading, and manufacturing projects in Nepal and abroad, focusing on lean operations, production efficiency, and technical management.

At NAMI, he applies his global expertise and entrepreneurial vision to strengthen academic programs, promote industry-oriented learning, and mentor future professionals in engineering and management disciplines. He actively collaborates with faculty and industry experts to design curricula that address real-world challenges, fosters innovation through interdisciplinary initiatives, and supports student-led projects that build technical and leadership competencies.

Mr. Suresh Raj Ghimire
Director
NAMI Group of Companies

Mr. Soni Joshi
Director
NAMI Group of Companies

Ms. Soni Joshi is a development practitioner, educator, and gender rights advocate with extensive experience in social development, education, and project management. She holds a Master's degree in Rural Development and Gender Studies (M.SC. R.D.G.S) from the South Asian Institute of Technology (SAIT) and a Post Graduate Diploma in Women's Studies from Padma Kanya College, Tribhuvan University. Her academic background reflects her strong interest in gender equality, education, and community development. Over the years, she has built her career around supporting women's empowerment and improving opportunities for marginalized communities in Nepal.

Throughout her professional journey, Ms. Joshi has worked in research, project development, communication, and training programs. She has been involved in many initiatives focused on women's empowerment, social awareness, and community development. She has organized, facilitated, and participated in several national and international workshops and programs with organizations such as Friedrich Ebert Stiftung (FES), Inter Press Service (IPS), and the International Geographic Union (IGU).

Ms. Joshi has held significant leadership and advisory roles across various national and international organizations. She has served the President of the Centre for Health, Education, Training & National Advocacy (CHETANA). Her international involvement includes serving as the former Chair for Social Welfare, Environment Member, and Editorial Board Member of The Mirror Magazine under the United Nations Women's Organization (UNWO). She has also led the Association of St. Mary's Alumni (ASMAN) as President, contributing to numerous academic and community initiatives. Additionally, she served as the first Nepali President of Active Women of Nepal (AWON). She is also a Founder Member of Zonta Club Kathmandu which is under the umbrella of Zonta International and has served as the Chair of different committees as Advocacy, Leadership, Service and UN. Currently she is the District Chair of the UN Committee which comprises of Nepal, India, Bangladesh and Sri Lanka. She was also an Executive Member and Co-coordinator for International Affairs at the Ganesh Man Singh Academy (GMSA).

At present she is also the Country Patron for the World Women Leadership Congress and has been awarded with

- Women Leadership Achievement Award by the World Women Leadership Congress Awards February 2015.
- Women Super Achiever Award by the World Women leadership Congress Awards in February 2017
- Social Innovation Leadership Award by Nepal Social Innovation Leadership Awards in December 2017.

At NAMI, she plays an active role in institutional planning, supporting students, improving academic programs, and creating awareness about social responsibility. Through her work, she continues to encourage positive change in education and society.

**Mr. Yog Raj Kandel
Sharma**
Director
NAMI Group of Companies

Mr. Yog Raj Kandel Sharma brings to Naaya Aayam Multi-Disciplinary Institute (NAMI) a wealth of leadership experience spanning aviation management, corporate governance, and community development. Holding an MBA Executive from Purbanchal University and a professional qualification as an Aircraft Dispatcher from the U.S. Federal Aviation Administration (FAA), Mr. Sharma's expertise bridges business management and technical aviation operations.

As the former Chief Executive Officer of NAMI (2012- 2017), he directed strategic operations and governance, aligning institutional goals with quality education delivery. His extensive leadership in Nepal's aviation sector includes senior roles at Simrik Air Pvt. Ltd., a leading helicopter service provider, where he managed operations, administration, and business development over 15 years.

Mr. Sharma's corporate influence extends across multiple sectors through board memberships at prominent organizations such as Simrik Air Pvt. Ltd., KRYSS International Pvt. Ltd., and Manakamana Development Bank Ltd. His entrepreneurial vision is also demonstrated through promotion of renewable energy projects like the Aankhu Khola Jalbidhyut Company Ltd.

Deeply committed to social development, Mr. Sharma has played vital roles in numerous nonprofit and community organizations, including founding youth clubs and leading the Nepal German Friendship Association. His dedication to social upliftment is matched by his active participation in training and coordinating educational and leadership programs throughout Nepal.

During his four-year tenure as Chief Executive Officer (CEO) of NAMI from 2012 to 2017, Mr. Sharma led the institution through a period of exponential growth. Under his leadership, NAMI saw significant improvements in institutional branding, student admissions, and overall visibility in the education sector. He was instrumental in establishing core operational systems and frameworks that continue to support the institute's academic and administrative functions today.

Mr. Yog Raj Kandel Sharma, Director at Naaya Aayam Multi-Disciplinary Institute (NAMI), is an accomplished aviation and business management professional with over two decades of leadership experience. He holds an MBA Executive degree and FAA certification in aircraft dispatching. Having led operational and strategic initiatives at Simrik Air Pvt. Ltd. and other key institutions, Mr. Sharma brings a blend of technical expertise and corporate governance to NAMI. His commitment to social causes and youth development strengthens the institute's mission to provide holistic and impactful education.

Robin Rana
Director

NAMI Group of Companies

Mr. Robin Rana is an experienced business leader and strategic advisor with over three decades of professional experience across banking, aviation, telecommunications, energy, consultancy, and environmental sustainability sectors in Nepal. With a strong foundation in finance and business management, he has built expertise in strategic planning, business development, corporate advisory, financial operations, and stakeholder engagement.

Throughout his career, Mr. Rana has contributed to the growth and transformation of organisations by combining financial acumen with entrepreneurial vision and cross-sector industry knowledge. His leadership journey reflects extensive experience in building partnerships, managing business operations, identifying growth opportunities, and supporting organisations in navigating evolving market environments.

Currently, Mr. Rana serves as the Director of Himalayan Carbon, where he provides strategic leadership in advancing initiatives related to carbon markets, renewable energy, climate finance, and environmental sustainability. He is actively involved in developing opportunities around International Renewable Energy Certificates (I-RECs), green investments, carbon trading, and corporate sustainability commitments, contributing towards Nepal's transition to a low-carbon economy.

As the Chief Executive Officer of a business consultancy firm, Mr. Rana provides strategic advisory services to national and international clients, supporting organisations in areas including business expansion, operational improvement, market development, and corporate strategy. His sector expertise spans aviation, energy, and telecommunications, enabling him to deliver practical and result-oriented business solutions.

Mr. Rana also serves as Director of Hansa International, where he brings significant experience from Nepal's aviation and travel industry. During his association with the sector, he played a key role in airline representation, corporate partnerships, and market coordination, including serving as the General Sales Agent (GSA) for Jet Airways in Nepal.

Prior to his entrepreneurial and advisory roles, Mr. Rana served as Executive Manager at Himalayan Bank Limited, where he established and managed the Credit Card Centre for Visa and Mastercard services. His contribution supported the expansion of retail banking services and the development of Nepal's digital payment ecosystem.

Mr. Rana holds a Bachelor of Business Administration (BBA) in Finance from State University of Albany, New York, USA. Beyond his professional pursuits, he has demonstrated excellence in sports and personal development, including achievements as a National Swimming Silver Medalist and National Shooting Silver Medalist in the Veteran Category. He is also an avid golfer.

With a diverse professional background and a passion for innovation, sustainability, and institutional growth, Mr. Robin Rana continues to contribute as a strategic business leader committed to creating value across sectors and supporting Nepal's economic development.

Samjhana Phuyal
Director
NAMI Group of Companies

Ms. Samjhana Phuyal is a Nepalese human rights advocate, legal professional, and social development leader with nearly two decades of experience in gender equality, women's rights, and community empowerment. She holds a Master's degree in Anthropology, a Postgraduate Diploma in Women's Studies, and an LLB from Tribhuvan University.

She is widely recognized for advancing women's rights and public safety initiatives in Nepal. In collaboration with Safe City India, she helped launch the Pink Bus Project, aimed at addressing sexual harassment in public transportation. She is also the founder of SEEW (Social Education and Empowerment of Women), which supports survivors of domestic violence and promotes gender equality. Through her work with the Safe Motherhood Network Federation (SMNF), she contributed to integrating Respectful Maternity Care (RMC) into Nepal's maternal health framework.

Ms. Phuyal represented Nepal at the United Nations General Assembly (UNGA) in 2012 as a Youth Leader for Maternal Health and has engaged with international platforms including Vital Voices, the White Ribbon Alliance, the World Forestry Institute, and Bioneers. Following the 2015 Nepal earthquake, she played an active role in relief and recovery efforts, including shelter support, school reconstruction, and community-based public health initiatives.

Her advocacy has been featured on international platforms, including The Guardian, and she has contributed testimony on child marriage to parliamentary discussions in the United Kingdom. She is a recipient of the Tewa Excellent Fundraising Award (2009) and the Innovation & Entrepreneurship Prize (2015) awarded by the National Youth Entrepreneurship Forum (NYEF) in collaboration with the U.S. Embassy in Nepal.

Currently serving in a leadership role at NAMI International School, she contributes to institutional development, inclusive education, and youth mentorship, fostering leadership, empathy, and social responsibility among students.

Ramesh Prasad Tiwari
Director
NAMI Group of Companies

Mr. Ramesh Prasad Tiwari is a distinguished entrepreneur, educationist, and governance professional with extensive experience in business leadership, corporate governance, and institutional development. As a Board Member of NAMI, he contributes to the strategic governance and long-term vision of the institution, supporting its commitment to academic excellence, innovation, and sustainable growth.

Academically, Mr. Tiwari holds a Master's degree in Sociology and Political Science and is currently pursuing a PhD in Conflict and Peace Development at Tribhuvan University. His academic interests in governance, conflict resolution, and peacebuilding complement his professional expertise, enabling him to contribute meaningfully to both the education sector and broader social development initiatives.

Mr. Tiwari also serves as a Board Director of Stoxkarts Securities Limited and Kantipur Campus, where he provides strategic oversight in corporate governance, policy formulation, organisational development, and stakeholder engagement. As a Founder Member of Kantipur Academy, he has played a pivotal role in establishing and strengthening an institution dedicated to delivering quality education and holistic student development.

An accomplished businessman, Mr. Tiwari has successfully led and managed diverse business ventures with a focus on strategic planning and sustainable growth. His leadership is characterised by a strong commitment to ethical governance, institutional excellence, and long-term value creation.

With a unique blend of entrepreneurial experience, academic scholarship, and governance expertise, Mr. Tiwari continues to provide visionary leadership and make significant contributions to the advancement of education, business, and institutional development in Nepal.

Chief Executive Officer

Mr. Pranil Pandey
Chief Executive Officer
NAMI Group of Companies

Mr. Pranil Pandey, FCCA, is the Chief Executive Officer of the NAMI since 2024. With his dynamic financial leadership, global partnership and education strategy, it has played key role in shaping NAMI's vision and growth. Joining in 2015 at NAMI, he initially served as Chief Financial Officer (CFO) for nine years, where he played a pivotal role in strengthening financial governance and operational systems.

Before his tenure at NAMI, Mr. Pandey established a solid foundation in finance and auditing through his work with leading chartered accountancy firms, including J Santosh & Co. CA, K.K. Budhathoki & Associates, and JK & SS CA. These experiences equipped him with practical knowledge in auditing, taxation, financial advisory, and corporate compliance, which he later applied to streamline operations and strengthen governance at NAMI.

At NAMI, Mr. Pandey leads key strategic initiatives, including institutional expansion, financial governance, and the development of globally aligned academic programs. He has strengthened operational systems, advanced industry-relevant curricula, and fostered innovation and international collaboration, positioning NAMI as a progressive, future-ready institution committed to academic excellence and global standards. He also promotes leadership development and interdisciplinary learning, reinforcing NAMI's mission to produce globally competent, socially responsible, and career-ready graduates.

A Fellow Chartered Certified Accountant (FCCA, UK), Mr. Pandey holds a Master's degree in Management. He also earned a Bachelor of Business Administration (BBA) from IEC University and completed his GCE 'A' and 'O' Levels under the University of Cambridge curriculum. His academic background combines strong financial expertise with an international perspective, enabling him to effectively bridge finance and education. This diverse qualification base supports his strategic leadership in a global context and reflects his commitment to continuous learning and global best practices.

Academic Team

Mr. Nischal Khadka is a distinguished academician and IT professional, currently serving as the Academic Head at Naaya Aayam Multi-Disciplinary Institute (NAMI). With dual gold medals in both Bachelor and Master of Computer Applications from Sikkim Manipal University, he has demonstrated consistent academic excellence and a passion for advancing technology driven education.

Mr. Khadka brings a strong combination of academic leadership, software development expertise, and IT consultancy experience. His career at NAMI has evolved from lecturing to key leadership roles such as Module Leader, Assistant Program Leader, Program Leader, and now Academic Head demonstrating a clear trajectory of professional growth and dedication to educational excellence. As the NILE (Northampton Integrated Learning Environment) Champion, he spearheads digital learning initiatives and leads efforts in academic quality assurance, ensuring that teaching practices and program delivery meet international standards.

Additionally, he plays a pivotal role in curriculum development, faculty mentoring, and the integration of technology to enhance learning outcomes. In parallel with his academic leadership, Mr. Khadka works as a full-stack developer and IT consultant, specializing in .NET Core, Angular, microservice architecture, and ISO 27001 consultancy. His industry work includes developing ERP solutions, e-commerce platforms, and workflow systems. His expertise strengthens NAMI's IT programs, promoting innovation and student excellence. A leader in academia and technology, Mr. Khadka drives innovation at NAMI by integrating education with industry practice. His journey from Lecturer to Academic Head reflects his commitment to technology-enhanced teaching and ongoing IT consultancy work that inspires students.

Mr. Nischal Khadka
Academic Head
Naaya Aayam
Multi- Disciplinary Institute

Anisha Panday Joshi
Principal
NAMI International School

Ms. Anisha Panday Joshi is the Principal of NAMI International School with over 15 years of experience in education, leadership, and administration. Holding a Master's in Education from the National Open College Network (NOCN), UK and an MBA in Marketing from Kathmandu University, she combines strong pedagogical knowledge with effective management skills. Her career includes leadership in curriculum development, teacher operations, and student wellbeing. Before NAMI, she worked training, school as Secondary School Coordinator and English Language Teacher at Sanskriti International School and as an educational consultant at Shushrusha Serves. Early experience in corporate marketing adds to her practical, results-driven approach to school management.

Passionate about using education to empower individuals and foster societal progress, Ms. Panday focuses on developing compassionate, responsible citizens alongside academic success. Her collaborative, student-centred leadership emphasizes continuous growth for herself and the institutions she serves. At NAMI International School, she leads with vision, integrity, and purpose, ensuring both students and teachers receive the support and inspiration needed to thrive.

Phillip Badikar Hilario
A Level Principal
NAMI College

Mr. Phillip Badikar Hilario is an experienced educator and academic administrator with over 21 years of expertise in business and accounting education. As A Level Principal at NAMI College, he leads academic coordination, curriculum implementation, and student development, ensuring high academic standards and promoting a culture of excellence.

Mr. Hilario has taught Business and Accounting at A Level across several reputed institutions in Nepal, consistently demonstrating strong leadership, subject expertise, and a passion for student-centred learning. His dedication to academic excellence and institutional growth is reflected in his ability to build effective teaching teams, introduce best practices in pedagogy, and mentor students toward both academic and professional success.

He holds international qualifications, including an LCCI Level 3 certification in Advanced Business Calculations, and is currently pursuing the ACCA (UK), a globally recognized credential in accounting and finance. These qualifications enhance his analytical and leadership capabilities, enabling evidence-based decision-making and aligning academic delivery with global best practices.

Collaboration

To ensure students are prepared for today's competitive job market, NAMI has established partnerships with leading industry players. As an AWS Academy College, NAMI offers students access to Amazon Web Services' cloud computing curriculum, equipping them with in-demand technical skills and the opportunity to earn globally recognised certifications.

In addition to technology-focused partnerships, NAMI maintains strong ties with prominent organisations across various sectors. These include Sanima Bank, Sunrise Bank, Cloud Factory, Nepalese Young Entrepreneurs' Forum (NYEF) Lalitpur, Machan Country Villa, MayaHold, Adex International, Genese Solutions, Pathao Nepal, AP1 Television, Annapurna Media Network (APN), Southern Asia Business House (SABCO), Intern Nepal Recruit Nepal, Bajra Technologies, Clock Business Technology, Buddha Tech Pvt. Ltd, Palm Mind Technology, Samsara Pvt. Ltd. and NIC Asia Capital Limited. These collaborations provide students with valuable opportunities for internships, mentorship, job placements, and collaborative research, helping bridge the gap between academic learning and industry expectations.

Incubation Centre

NAMI has established Naaya Aayam Avinaya Prerana Kendra, a dedicated Innovation and Incubation Centre designed to transform ideas into impactful ventures. Established in collaboration with Startup Discovery Asia (SDA), a leading startup ecosystem enabler in South Asia, the centre provides aspiring entrepreneurs with access to mentorship, networking opportunities, business development support, and industry expertise. SDA is known for empowering young innovators and startups through incubation, acceleration, capacity-building programs, and connections with investors, industry leaders, and development partners.

The incubation centre serves as a dynamic platform where students can develop innovative solutions to real-world challenges. Whether pursuing a technology startup, social enterprise, research-based innovation, creative venture, or sustainable business idea, students receive guidance and resources to refine, test, and scale their concepts.

Key features of the centre include:

- Entrepreneurial training and capacity-building workshops
- Mentorship from experienced entrepreneurs, academics, and industry experts
- Startup ideation, business model development, and validation support
- Access to networking events, innovation challenges, and startup competitions
- Opportunities for collaboration with industry, investors, and development organizations
- Support for prototype development, market research, and venture growth
- A collaborative workspace that encourages creativity, teamwork, and innovation

Through Naaya Aayam Avinaya Prerana Kendra, NAMI is cultivating a culture of innovation and entrepreneurship, empowering students to become future business leaders, change-makers, and job creators. By combining academic excellence with practical entrepreneurial experience, the institute equips students with the skills, confidence, and opportunities needed to thrive in an increasingly dynamic and competitive global economy.

Alumni Network

NAMI has built a robust and growing alumni community. To date, over 5,000 students have graduated from the NEB 10+2 programme, more than 500 from the A-Level programme, and over 2,500 from undergraduate and postgraduate programmes. Many of these alumni have gone on to pursue successful careers in business, technology, science, and education both within Nepal and internationally. NAMI continues to engage with its alumni through networking events, mentorship programmes, and professional development opportunities. NAMI is also collecting their success stories which can motivate our current and prospective students and provide valuable insights into the opportunities that can emerge through dedication and hard work.

Leadership Development and Career Counselling

NAMI has been giving priority to career counselling and leadership development as a key area of student support, aiming to assist students in making informed career choices while building essential leadership competencies. The initiative provides structured career guidance, skills assessment, mentorship, and exposure to diverse academic and professional pathways, alongside training, workshops, and experiential learning to enhance confidence, communication, and decision-making skills. In addition, NAMI has launched a monthly motivational series titled *"Motivational Stories by Inspirational Leaders of Change,"* featuring successful dignitaries from different fields, which inspires students from secondary to Master's level through real-life experiences and insights beyond classroom learning. Similarly, The NAMI Golden Z Club Orientation Program supports leadership development by exposing students to global leadership values and women's empowerment initiatives through interaction with experienced Zontians. It helps build key skills such as communication, teamwork, confidence, and decision-making, while encouraging active participation in community-based activities. The program also fosters ethical leadership, responsibility, and a sense of social contribution among students.

Future Plans

International & National Collaborations

NAMI has been actively pursuing strategic collaborations with internationally renowned academic institutions and organisations. Some of these initiatives include partnerships with the Indian Institutes of Technology (IITs) aimed at advancing joint research, innovation, knowledge exchange, and specialised training programmes. The institute is likewise working toward establishing formal academic cooperation with Kirk University, Thailand in order to promote regional academic engagement and institutional collaboration.

The Memorandum of Understanding (MoU) between Naaya Aayam Multi-Disciplinary Institute (NAMI), Nepal and Dusit Thani College (DTC), Thailand establishes a strategic academic collaboration to promote cooperation in hospitality education, training, and capacity development. The collaboration focuses on delivering industry-relevant education, strengthening academic standards, and exploring future opportunities for knowledge exchange and international engagement between the two institutions.

The Council for Technical Education and Vocational Training (CTEVT), Nepal has granted approval to NAMI on 2026 to conduct five short-term vocational training programmes: General Cook Commis II (484 Hrs), Hotel Assistant (390 Hrs.), Room Attendant (390 Hrs.), Barista (390 Hrs.), and Bar Tender (390 Hrs.).

Furthermore, NAMI is engaged in ongoing consultations with national and international universities to develop comprehensive frameworks for students and faculty exchange programmes, collaborative research initiatives, and entrepreneurship development. In parallel, the institute continues to collaborate with a wide range of governmental and non-governmental organisations at both national and international levels to undertake initiatives and programmes that are aligned with its academic mission, institutional priorities, and broader commitment to social and educational advancement.

Academic Infrastructure and Digital Growth

In response to the evolving demands of contemporary education, Naaya Aayam Multi-Disciplinary Institute (NAMI) is investing in the establishment of a comprehensive Digital Library and e-Learning Hub. These initiatives are designed to provide students and faculty members with enhanced access to a broad range of academic resources, digital databases, and learning materials, while also supporting flexible and technology-driven blended learning approaches across all academic programmes.

In parallel, the institute is undertaking significant infrastructure development to strengthen its physical and academic environment. This includes the expansion and modernisation of learning spaces, well-equipped classrooms, advanced science and computer laboratories, and specialised training facilities designed to support practical, research-oriented education. Emphasis is also being placed on the integration of smart classroom technologies, improved connectivity infrastructure, and student-centric learning environments that foster collaboration and innovation.

Study Abroad and Exchange Program

NAMI is introducing new initiatives to promote international mobility for students and faculty. Strategic academic partnerships will allow students to participate in study abroad programmes, international residencies, and cross-cultural academic exchanges. These experiences are intended to broaden perspectives and enhance academic excellence. As part of the faculty exchange and professional development programme, several NAMI faculty members participated in academic exchange visits aimed at enhancing teaching practices, subject knowledge, and international collaboration. In February 2024, Rajendra Acharya (English General Paper), Reshma Rana (Psychology), and Shreehari Timilsina (Biology) took part in the programme from 12–13 February 2024 at GEMS School, Dhapakhel, Lalitpur. Similarly, in March 2025, Jayprakash Mishra (Physics), Niroj Duwal (Economics), and Sahadev Jaishi (Computer Science) participated in the exchange programme from 6–7 March 2025 at Global College of Management, Mid Baneshwor, Kathmandu. These engagements provided valuable opportunities for faculty members to share best practices, gain exposure to innovative pedagogical approaches, and strengthen academic partnerships, contributing to the continuous enhancement of teaching and learning at NAMI.

Research & Development and Programme Expansion

NAMI is expanding its academic offerings to include high-demand disciplines such as Artificial Intelligence, Data Science, Green Entrepreneurship, and Digital Business. NAMI is also enhancing its online learning platforms to deliver accessible, high-quality education to students across Nepal and beyond. NAMI will be introducing the Bachelor's Program in Environmental Studies, from August 2026 affiliated with Kathmandu University.

NAMI is planning to establish a Research and Development Wing, which is essential for fostering innovation, improving academic quality, and guiding evidence-based decision-making within the institution. It will help generate new knowledge, address real-world challenges, and strengthen teaching and learning through research-driven practices. The R&D Wing will also enhance institutional reputation by promoting publications, collaborations, and impactful projects, while attracting funding and partnerships from national and international organizations. In addition, it will nurture a strong research culture among students and faculty, encouraging critical thinking, creativity, and continuous improvement, ultimately contributing to the long-term growth and relevance of the institution. Coordination with all three tiers of government, INGO's/NGOs, private sector and other stakeholders will be key to its success.

Sustainability and Green Initiatives

Sustainability is a core principle at NAMI, embedded in its operations, academic framework, and strategic development. The institute promotes the use of renewable energy, efficient resource management, structured waste segregation and recycling systems, reduced reliance on paper-based processes, sustainable mobility across the campus, and the establishment of a plastic-free zone.

These initiatives are aligned with the United Nations Sustainable Development Goals, particularly those related to climate action, responsible consumption and production, and quality education. Sustainability is further embedded in academic delivery through interdisciplinary curricula, applied research, and community engagement initiatives addressing environmental challenges. Through this integrated approach, NAMI aims to reduce its environmental footprint while nurturing graduates who are environmentally responsible and equipped to contribute meaningfully to sustainable development at local, national and global levels.

Emergency Response and Disaster Management Plan

NAMI is undertaking an initiative to develop a comprehensive Emergency Response and Disaster Management Plan for its educational entities, considering the high vulnerability of Kathmandu Valley to earthquakes and other natural hazards. The initiative aims to strengthen institutional preparedness and enhance the safety and well-being of students, faculty members, staff, and visitors during emergencies.

As part of this initiative, NAMI plans to collaborate with organizations working in the fields of disaster risk reduction, emergency preparedness, and humanitarian response to conduct awareness and capacity-building programs. The institution also intends to organize emergency preparedness exercises, including earthquake preparedness and evacuation drills, for students, teachers, and administrative personnel.

These activities are expected to significantly contribute to fostering a culture of safety, preparedness, and resilience across all NAMI entities while strengthening their capacity to effectively prepare for, respond to, and recover from emergencies and disasters.
